

## Refund of VAT from Norway to Foreign Businesses

### Status

We are currently processing applications received in May 2018.

### Certificate

Many of the certificates we receive are templates written in different languages, including English. However, often most of the information provided is in the applicant's native language. It is important that the business activity is also stated in English. If not, the certificate must be translated into English, Norwegian, Swedish or Danish.

### Power of attorney

Please ensure that the power of attorney is valid for the entire application period.

Before the applicant signs a power of attorney it should be clarified if the applicant already has another authorized agent. If the new power of attorney revokes previous powers of attorney it is important that the applicant is aware of this. The applicant should inform their former agent.
